

September 2019

Dear Tribute Artists:

As you may or may not know, Sherry Management LLC and the ElvisFestival.com series of events has evolved into **Tribute Promotions** and the **TributeFestival.Rocks** series of events. As part of this evolution, we are no longer licensing our events with EPE and are therefore no longer hosting preliminaries to the UETAC. Instead, we are reinvesting in our brand, **Images of the King**. It's our goal to bring the Images of the King Contest back to the forefront in the ETA industry as the preeminent opportunity for ETAs from around the world to showcase their talents.

In 1987 Elvis' veterinarian **Edward "Doc" Franklin** made the modern ETA community a reality when he established the event known as **IMAGES**. The event, which includes an internationally recognized ETA contest and showcases, has crowned thirty-two World Champions who have gone on to be recognized as the top ETAs performing today.

As part of our goal to return Images of the King to its former glory, we have developed the following pledge in order to outline our intent:

THE IMAGES OF THE KING PLEDGE

- *We pledge to always put the fans first, it's because of them that we do what we do.*
- *We pledge to treat the performers, be they headliners or contestants, with respect and dignity.*
- *We pledge that our contests will always be fair and that our judges will be as professional, knowledgeable and as prepared as possible.*
- *We pledge that we will treat anyone producing an Images of the King preliminary, our Sponsors and Patrons, as partners.*
- *We pledge to treat our champions as champions, promote them and help them advance their careers.*
- *We pledge to **#BringBackTheKing**. Celebrating his life, legacy and music is the reason we have these events in the first place.*

Throughout the **2019-2020 Season** (the season runs from EW in Memphis to EW in Memphis each year), several preliminary contests will be hosted around the US and internationally. It is not necessary for you to compete in a preliminary contest in order to compete in Memphis during 2020, but by winning one of the preliminaries you get a bye in the first round in Memphis, your registration fee is waived, and you may receive other benefits as part of the prize package you win at the preliminary. Currently, four events are planned (in Ocean City-Maryland, Brunswick-Georgia, Lake George-New York, and in the UK) with more preliminaries to be added.

The World Championship has three divisions, professional, non-professional and youth. Monetary prizes are awarded to the top five in the professional and non-professional division. All participants in the youth division will leave with a small monetary stipend and recognition of their participation.

The 2020 Images of the King World Champion will receive a **Prize Package** including:

- \$5,000
- A new jumpsuit from B&K
- A \$10,000 appearance contract for shows throughout the following season
- Media and promotional assistance from Tribute Promotions

The 2020 Images of the King World Championship will offer the following monetary prizes:
